# A Vision of Celestial Earth

## the Celestial Earth Paradigm

Our world is transitioning into the dawn of the new Aquarian Era. Like all other evolutionary transitions this time is marked with the unsettling growing pains of unrest and chaos. As old paradigms and thought perspectives fade and new ideas and ways of relating to each other evolved individuals are being called at unprecedented rates to deeply explore their value systems by confronting the oftentimes painful truths of this evolutionary cycle,

these shifts are triggering not only an evolutionary jump in human thought perspectives, but also unlocking a divine feminine planetary consciousness (the life force of our planet) that is rooted in nurturing, support, love, and compassion. The Priest~esses play a critical role in offering the tools and perspectives necessary to access this new earth consciousness so everyone may successfully navigate this evolutionary change.

Trained to lead, educate and support their families and communities by inspiring people to strengthen their intuition & transform how they relate to their emotional and energetic wellbeing, Priest~esses are poised to meet these needs and make a real difference.

By cultivating a culture that is deeply rooted in the New Earth Paradigm of Truth, Individual Spirituality, and the development of Feminine Genius, we are committed to fostering a community of people that know how to manage, process, and interpret the underlying energetics and emotions that fuel our lives in order to create greatest vision of success, light and love for our planet.

# The Ancient Priest~ess

by founder Nicole Christine

**ABOUT NICOLE:** Nicole Christine established the Magdalene Mysteries School (TM), the Awakening the Priest~ess Process(TM), and the Sacred Order of the Venus Templars (TM). As an Adult Educator, Human Rights Activist, and Peace Advocate, she worked extensively with the international immigrant population, promoted multi-cultural educational programs, and developed Global Citizen projects. She expressed her love for life by holding all aspects of life as sacred, holding the immaculate concept of the fulfillment of humanity's highest destiny, and shared her mystical journey through writing. Her teachings have been passed on by dedicated loving Priest~esses who have committed to playing their unique & powerful role in awakening the CODES for Celestial Earth.

**THE ANCIENT PRIEST~ESS:** The mystery of the One is in our cells, brains, and blood. Through the subatomic waves within the atoms of our bodies, we can reveal the potent forms of the universe through ourselves. As a microcosm, we are co-creators. From "Archetypes in Sacred Design" by Rowena Kryder Archetypes are universal primary patterns that pervade all human experience and reveal how our universe functions. Fire as an archetype is not literal fire, yet is inherent in every fiery substance. Similarly, New Earth, Divine Creation Priestesses archetypal energy honors every new dawn of creation as sacred. Four thousand years ago, the ways of the Goddess were lived and Her-story was told. During the past two thousand years, the feminine principle, exemplified by the priestess archetype, was buried deep in the human psyche and excavation and renewal did not take place until the dawn of the Aquarian age upon us. Conversely, during this time of the telling of His-story, the priestess of the God functioned in the context of male principles that have only recently begun to break apart and dissolve. Learning from and honoring that which was ours to experience in the Old Earth, we now have the opportunity to live and tell the whole story, the True Story, the Tru-story as a New Earth Divine Creation Priestess.

**THE PRIMARY PRECEPTS FOR THE PROCESS:** The Priest~ess Process (TM) is a living intelligence expressing as an enlivening initiatory process for women and men open to an entirely new, direct spiritual experience in which they, as initiates, 1) embrace their own Inner Authority and Co-Create with Divinity, 2) work with the Power of Sacred Intent, 3) Co-create Living Ceremony, and 4) Self-Proclaim as a Priestess or Priest upon fulfillment of their initiatory cycle. All aspects of The Process are facilitated according to these primary precepts.

# the Priest~ess Role

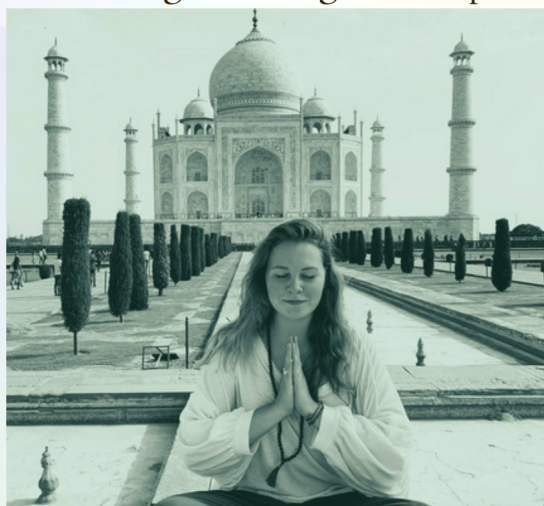

Priest~esses fill a vital void in the entrepreneurial, leadership, spiritual and coaching communities. A Priest~ess is a spiritual authority and supportive mentor who focuses on their own personal soul transformation, growth, and evolution. Priest~esses are masters of “running energy,” identifying patterns, and interpreting the divine sacred codes (wisdom) embedded within their environments. Priest~esses develop their inner Creator genius and are dedicated to their own personal spiritual authority through their inner intuitive voice, partnership with spirit, and living the greatest expression of their soul's destiny.

The Priest~ess fills a void in our current self-development and mental wellness paradigm by sharing techniques & teachings that facilitate self-discovered individual spirituality. These teachings and tools offer a vital link between traditional therapy, coaching, and religious leadership and the soul's destined path. Priest~esses weave all facets of spirituality, energy medicine, and quantum perspective into daily reality so that they may achieve their ultimate goals and recognize their dreams in relationships, career, health, and financial well being.

## Who is a Priest~ess

A priest~ess is defined not by what they do but by their desire to make an impact on the world around them. Thereby, while priest~esses come from all backgrounds and vocations, they are strongly unified by their commitment to know themselves and live their lives according to values that honor the greatest expression of their truth and the pursuit of an ever deepening experience of love, light, and joy through their self-defined relationship with spirit.

With a strong emphasis on soul purpose and an obsession with helping individuals fulfill their destiny, Kari's groups attract high achieving men & women of all ages whom recognize the greatest impact is made through engaging the power of their soul and creating in all things through their personal relationship with spirit. By focusing on how to connect to their inner selves through living ritual and ceremony priest~esses learn to view the world through an inner lense and make choices that lead to the greatest degree of impact and expression of love.

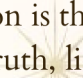

# The Journey

In the Celestial Earth Mystery School Priest~ess Journey you discover a Pilgrimage rooted in the Mystery teachings of the Magdalene Priest~ess that include 10 core training modules called Temples. Each Temple activates a core archetype of your divine energy within, thus resulting in a powerful foundation of personal confidence & spiritual competency that enhances the cultivation of personal power, purpose & pleasure and ultimately the embodiment of your PERSONAL Divine Consciousness. Each journey is unique and the core temples/modules will support you in developing your intuitive skills, in your own way so that you may marry them with your existing abilities and incorporate them into your lived experience.

Immersed in the intuitive world of ancient tradition, story telling, writing, and modern thought leadership perspectives you will discover a process steeped in ritual and ceremony that gently guides you to leave the past in the past and establish a foundation rooted in your deepest truth so that you may engage your inner authority and safely and powerfully bring forth the greatest expression of your soul's desires and purpose.

## The Process

The Process itself is an INITIATORY EXPERIENCE THAT BRIDGES YOUR personal spirituality and professional EXPRESSION IN THE WORLD BY WEAVING energy medicine, sacred ritual, living ceremony, and feminine leadership with the sacred wisdom teachings of the Metatron, Magdalene Ministries, & Goddess teachings. Following in the Lineage of Nicole Christine, the sacred work of the Process is to guide you to harmonize your inner divine feminine and divine masculine so that you may activate your unique personal greatest expression of soul's potential. As a result, this activation is the pivotal component to you playing a role in the activation of New Earth Living Consciousnesses of truth, light, and love.

## Sacred Archetypes, Temples & Timing

The Process is broken into Three "tri-mesters" during which you will awaken Divine Gifts within you as you journey from Temple to Temple and explore the archetypes of the Mystery teachings. As you experience each archetype you'll discover your living truth an expression.

# KNOW THYSELF

Know Thyself...

Is also the Prime Directive of the Process. First trimester emphasis is on self-knowing and self-honoring. Through the Isis Initiations you'll learn to harness the power of embracing the stillness and oneness by developing strong inner-directedness, listening intently and open heartedly, and speaking and living one's truth.

# The Four Temple Training Pillars

**WITHIN EACH TEMPLE YOU WILL EXPERIENCE FOUR STREAMS OF CONTENT**

## **MESA AND ENERGY MEDICINE:**

Learn to up-regulate and EMBODY the power of the energy matrix that informs your body, carries your genetic inheritance and determines your destiny. As you discover how to work with genetic and energetic inheritances, you will prime your brain to experience higher states of consciousness. Each module explores ancient teachings and modern modalities to help you powerfully embrace your ability to READ, RUN, AND EMBODY your energetic potential.

## **CODES**

Unlock your Divine Blueprint. All of life flows on a divine blueprint which we call DNA. Through science we understand the 1st and 2nd Strands of Biological DNA which creates the legacy of our body. According to the mystery schools Spiritual DNA, Strands 3-6 reflect the legacy of our evolving consciousness. These strands help create a biofield of energy unique to your soul's consciousness. DNA "attunements" have been practiced as far back as 1,000 years pre Christ everywhere from the halls of King Solomon's Temple to the Eastern Reiki schools.

Each of the three levels of the Process will provide you with an "energy attunement" that will permanently open your energy field to a deeper relationship and connection with the divine so you may clear cellular memories of physical, emotional, karmic, and collective blockages.

## **RITUAL & CEREMONY**

Engage in sacred ritual & living ceremony as you are witnessed in establishing right relationship with your inner divinity and embody your greatest potential.

# Training Delivery

The program is structured to be flexible & fluid, yet intimate & accountable. All training is delivered virtually so you can join from anywhere in the world. At the core, we meet three times per month, with the recommended option to connect with the community weekly for meditation and support. Additionally, there are in person Ceremonial workshops and training weekend options available as outlined below. All calls are recorded with the exception of ceremonies.

## **LAYER 1: SELF-PACED TEMPLE TRAINING MODULES**

**Time Investment: 1.5-3 hrs/module**

Upon joining the program you'll immediately get access to the online learning portal which includes welcome videos as well as meditations/mindset training, modality deep dives and exploratory curriculum to dive into. Each module includes videos, meditations & practices to download and keep. Subsequent modules are released upon the closing of the prior months temple.

## **LAYER 2: TEMPLE TRAINING GROUP CALLS/CORE CONTENT**

**Time Investment: 90 min 2x/TEMPLE**

Each month we come together 2x for a live 90min group call. On these calls, we open the transformational field, discover lineage, attune, reflect, & prepare for living ceremony (celebration) at the end of the month. All calls are recorded in case you can't join us live.

## **LAYER 3: OFFICE HOURS/GROUP MEDITATION & MODALITY TRAINING & DEVELOPMENT**

**Time Investment: As much or as little as you desire available 1-2.5 hrs/week**

Each week Kari hosts weekly optional office hours (a 60 min group call) for support and to help you deepen your intuitive abilities. On these calls, we discuss, demonstrate, practice & dive into Q&As. The live calls don't cover new information, rather we cover the same content as the modules in live & dynamic ways. Occasionally, live calls feature special guests and modality training. All calls are recorded in case you can't join us live.

## **LAYER 4: TEMPLE CEREMONY & ALTAR WORK**

**Time Investment: 3-4 hrs/module**

**PART 1:** Throughout the Process you'll be guided to create Living Ceremonial Experiences. These workshops are designed to foster embodiment as you celebrate the integrative process of the training and materials. (mandatory for emergence)
